

On this page:

- [Using the app as a child representative or nominee](#)
- [Downloading the my NDIS app](#)

The my NDIS app gives participants a more accessible and user-friendly way to:

- view their budget
- view plan information and personal details
- make and manage claims (for self-managed plans).

Participants can download the my NDIS app from the Google Play Store and Apple App Store for free:

- [Get it on Google Play](#)
- [Download it from the Apple App Store](#)

We encourage you to try out the app and let us know what you think using the feedback option in the app.

The my NDIS mobile app will work alongside the myplace participant portal to help participants quickly, easily and flexibly manage their NDIS plans.

We will keep improving the app and adding new features. We are committed to making sure it is a useful way for participants to manage their NDIS plans.
