

# Appendix A:

## Key Definitions

---

**Access request:** A formal request by an individual for a determination of eligibility to access the Scheme.

**Access requirements:** The criteria someone must meet to become a participant in the NDIS. The access requirements are: age (under 65 years); residency (live in Australia and be an Australian citizen or have paperwork to live here permanently); disability: a disability which is permanent and significant, or early intervention (support is required early to help reduce the future needs for supports).

**Active participant:** Those who have been determined eligible and have an approved plan. (There are also cases where a participant's plan has expired and a new plan has not formally commenced, but they have not exited the Scheme. These individuals are also counted as active participants.)

**Active provider:** An approved person or provider of supports who has received payment for supporting Agency-managed participants.

**Administrative Appeals Tribunal (AAT):** An independent body that conducts reviews of administrative decisions made under Commonwealth laws.

**Assistive Technology (AT):** The full range of technological solutions that allow people with disability to be more independent and more connected. The primary purpose of AT is to maintain or improve an individual's functioning and independence to make participation possible (at home, school, workplace and/or community) and to enhance overall well-being.

**Average annualised committed supports:** Annualised committed supports divided by the number of active participants. The annualised committed supports are the committed supports (on the current plan) scaled to a 12 month period.

**Average payments:** Total payments paid in a period divided by the average number of active participants in that period. The average number of active participants is the average of the active participants at the start and the end of the period.

**Bilateral Agreement:** An agreement between the Commonwealth and a State or Territory that formalises the commitments of each government in relation to NDIS.

**Bilateral estimates:** Estimates for the number of people expected to enter the NDIS by quarter in each State and Territory. These figures are estimates only.

**Carer:** Someone who provides personal care, support and assistance to a person with a disability and who is not contracted as a paid or voluntary worker.

**Committed support:** The cost of supports contained within a participant's plan, approved to be provided to support a participant's needs. In some sections of this report, this amount is annualised to allow for comparison of plans of different lengths.

**Complaints:** An expression of dissatisfaction indicating that an experience with the agency or a related entity is displeasing or unacceptable and requires a resolution.

**Culturally and Linguistically Diverse (CALD):** Country of birth is not Australia, New Zealand, the United Kingdom, Ireland, the United States of America, Canada or South Africa, or primary language spoken at home is not English. From September 2021, it excludes participants identifying as being part of First Nations Peoples.

**Early Childhood Approach (ECA):** An approach which supports children younger than 9 who have developmental delay or disability and their families/carers. Depending on individual circumstances a child may move through the ECA program to become an NDIS participant on either an s.24 Permanent Disability (PD) or s.25 Early Intervention (EI) participant.

**First Nations Peoples:** Identified as Aboriginal and/or Torres Strait Islander.

**Individualised Living Options (ILO):** Give people with disability more choice about where they live, who with and how they can use their NDIS funding. ILO funding supports participants to live where they choose, increase their independence and maximise their social and economic participation.

**In-kind:** Existing Commonwealth or State/Territory government programs delivered under existing block grant funding arrangements.

**Internal Review of Decision request:** An internal review of a decision the NDIA has made about participants under the NDIS Act (s.100).

**Mainstream services:** The government systems providing services to the Australian public e.g. health, mental health, education, justice, housing, child protection and employment services.

**Market:** Under the NDIS, the market is the place where participants and providers interact to trade for disability supports.

**National Disability Insurance Agency (NDIA):** The Commonwealth government organisation administering the NDIS. In this report the NDIA is also referred to as 'the Agency'.

**National Disability Insurance Scheme (NDIS):** Provides support for Australians with disability, their families and carers. In this report the NDIS is also referred to as 'the Scheme'.

**On paid provider:** A provider of supports paid by a participant or plan manager.

**Outcomes framework questionnaires:** One way in which the Agency is measuring success for people with disability across eight different life domains.

**Paid Provider:** A provider with a bank account into which the NDIA has made a payment. For agency managed payments this will be the support provider. For plan managed payments this will be the plan manager. For self managed payments there is no paid provider as the participant is paid instead.

**Participant Provider Pathway:** The process by which participants, their families, carers and providers interact with the NDIS.

**Participant Critical Incident (PCI):** Circumstances or information about allegations of serious harm occurring to a participant.

**Participant Reassessment Request:** A review of a participant's plan requested by the participant under the NDIS Act (s.48).

**Participant:** An individual whose access request has been determined 'eligible'. A participant can be made eligible under the permanent disability criteria of the NDIS Act (s.24) or the early intervention criteria of the NDIS Act (s.25).

**Payment:** Made to participants or their nominees for supports received as part of a participant's plan, and to providers on behalf of participants as part of a participant's plan.

**Plan:** A written agreement worked out with each participant, stating their goals and needs and the reasonable and necessary supports the NDIS will fund for them.

**Plan manager:** A registered plan management provider means a registered provider of support who is approved in relation to managing the funding of supports under plans mentioned in the NDIS Act s70(1)(a). (NDIS Act s9)

With respect to a payment request a plan manager is any provider that has submitted claims associated with a plan managed budget OR a provider that has submitted claims for plan management fees.

**Pricing:** Guidance on the price to be paid for each support item. For some items, such as personal care and community access, the amount indicates the maximum price the Agency will pay for that support.

**Provider of support:** The provider responsible for the provision of disability supports for a NDIS participant. With respect to a payment request, the support provider is the provider paid by the NDIA for agency managed payments (paid provider). For self and plan managed payments the support provider is the provider paid by the participant or plan manager respectively (on paid provider).

**Registered provider:** An approved person or provider of supports that has registered as a provider with the NDIS Quality and Safeguard Commission.

**Revenue:** The amount received from both States/Territories and the Commonwealth governments for participant supports as outlined in the bilateral agreement. This includes both cash and in-kind amounts.

**Specialist Disability Accommodation (SDA):** Accommodation for people who require specialist housing solutions, including to assist with the delivery of supports that cater for their extreme functional impairment or very high support needs.

SDA does not refer to the support services, but the homes in which these are delivered. SDA may include specialist designs for people with very high needs or may have a location or features that make it feasible to provide complex or costly supports for independent living.

**Supported Independent Living (SIL):** Help with and/or supervision of daily tasks to develop the skills of an individual to live as independently as possible. Assistance provided to a participant will be included as part of their plan depending on the level of support they require to live independently in the housing option of their choice.

**Unregistered provider:** A provider of supports that has not registered as a provider with the NDIS Quality and Safeguards Commission. An unregistered provider can support participants that are plan managed or self managed.

## Outcomes Framework Questionnaires

---

### About the outcomes framework questionnaires

The NDIS outcomes framework questionnaires measure the medium and long-term benefits of the Scheme to participants. These questionnaires are one way the NDIA is measuring Scheme outcomes. The questionnaires collect baseline measures when participants enter the Scheme, and track future outcomes against baseline measures to assess progress. Baseline measures were collected from 99% of participants who received their initial plan since 1 July 2016.

The information collected from participants and their families and carers (for participants aged 14 or under) tracks how participants are progressing across eight life domains:

**Choice and Control:** Includes independence, decision-making and whether the participant would like to have more choice and control in their life.

**Relationships:** Relates to whether a participant has someone to call on for practical advice or emotional support, about contact with family and friends and about relationships with staff.

**Health and Wellbeing:** Relates to health, lifestyle and access to health services.

**Work:** Explores participants' experiences in the workforce and goals for employment.

**Daily Living Activities:** Explores how independent participants are in nine areas of daily living, for example shopping and home cleaning.

**Home:** Relates to participants' satisfaction in their home now and in five years' time, and whether they feel safe.

**Lifelong Learning:** Includes educational, training and learning experiences.

**Social, Community and Civic Participation:** Relates to hobbies, volunteering, involvement in community, voting, leisure activities and whether the participant feels they have a voice.

The outcomes framework questionnaires adopt a lifespan approach to measuring outcomes, recognising that different outcomes will be important to participants at different stages of their life. The information is collected as participants enter the Scheme, and as their plans are reviewed, so that the Agency can track the type of supports that lead to the best outcomes.

## Appendix C:

### Approved plans and children accessing early connections

Table C.1 compares plan approvals (including children accessing early connections) with bilateral estimates.

The scheme to date bilateral estimates for WA are as at 30 September 2023, for NT are as at 30 June 2020, and for all other States/Territories are unchanged from 30 June 2019.

A detailed summary of children younger than 9 in the Scheme by State/Territory is also included in Table C.2, including children accessing early connections.

<sup>1</sup> All plans approved includes participants who have left the Scheme since receiving an initial plan, in line with the measurement of progress against bilateral estimates.

<sup>2</sup> State/Territory in this table is defined by the address of first plan approval of the participant, in line with the method used to measure progress against bilateral estimates. Under this original definition of jurisdiction, there are no participants recorded under Other Territories.

<sup>3</sup> The definition used to report on Early Childhood Approach is the number of children accessing early connections. These include any early childhood therapy supports and/or mainstream referrals.

<sup>4</sup> These results do not differentiate between approved plans for participants who met Section 25 of the NDIS Act for access (Early Intervention), compared with plans for those who met Section 24 of the NDIS Act for access (Permanent Disability). Table E.5 shows numbers of active participants split into these Early Intervention and Permanent Disability categories.

<sup>5</sup> There are no children accessing early connections at 30 September 2023 with Missing jurisdiction information.

## Appendix D:

### State/Territory – comparison of key metrics

This appendix compares key metrics presented in this report by State/Territory.

The new Information and Communications Technology (ICT) system test commenced in Tasmania in the December 2022 quarter. The Quarterly Report to the Disability Minister combines data from the current and new ICT systems. This may lead to some minor restatements of information in this and future reports.

For 30 September 2023, refinements have been made to the logic for identifying participants receiving Supported Independent Living (SIL) to reduce known issues with under-identification following plan reassessments. The improved logic at 30 September increases the number of SIL participants identified.

**Table D.1 Active participants including ECA at 30 September 2023<sup>8 9</sup>**

<sup>14</sup> Participation rate refers to the proportion of general population that are NDIS participants.

<sup>15</sup> A new survey process was recently introduced for participants in Tasmania, but it is still in the testing phase. As a result, the number of participants taking the satisfaction survey has decreased significantly this quarter.

<sup>17</sup> Participants can use more than one method to manage their funding. This table is a hierarchy whereby each participant is only captured once. The hierarchy is: (1) self-managed fully, (2) self-managed partly (regardless of other methods being used), (3) anyone who does not fall into 'self-managed partly' and has a plan manager, and (4) anyone else.

<sup>18</sup> The National totals include participant complaints where jurisdiction information was missing.

<sup>20</sup> Active providers refer to those who have received payment for supporting Agency-managed participants and plan managers.<sup>21</sup> Providers can be active in more than one State/Territory. Hence, the National totals do not equal the sum of the number of active providers across the State/Territory.<sup>22</sup> Active providers refer to those who have received payment for supporting Agency-managed participants and plan managers.<sup>23</sup> Providers can be active in more than one State/Territory. Hence, the National totals do not equal the sum of the number of active providers across the State/Territory.

Average annualised committed supports are derived from total annualised committed supports in the current plans of active participants at 30 September 2023. Average payments are calculated as the average of the annualised monthly payments in 12 months period to 30 September 2023, weighted by the participants that are active in each month over the same period. They have been rounded to the nearest hundred dollars. Figures are not shown if there is insufficient data in the group.

Total annualised committed supports refer to those in the current plans of active participants at 30 September 2023. Total payments refer to those paid over the 12 months to 30 September 2023. Figures are not shown if there is insufficient data in the group.

<sup>24</sup> Utilisation of committed supports from 1 January 2023 to 30 June 2023 is shown in the table – experience in the most recent 3 months is still emerging and is not included.

<sup>25</sup> Participants receiving in-kind supports are excluded from this analysis as it is not possible to accurately separate in-kind payments and committed amounts between plans. Hence, utilisation in this table is higher in reality when in-kind is included.

<sup>26</sup> Utilisation is not shown if there is insufficient data in the group.

<sup>27</sup> The Participant Service Guarantee timeframes continue to be refined and further developed. The results for the timeframes shown are based on preliminary calculations and the methodology used to determine the timeframes may change going forward.

<sup>28</sup> Results are rounded to the nearest percent. Where 100% is shown, there are still a small number of cases which did not meet the required timeframe.

<sup>29</sup> The target timeframe for PSG #6 has been reduced from 70 to 56 days in early 2021.

<sup>30</sup> The target timeframe for PSG #13 has been reduced from 42 to 28 days in late 2021.

<sup>31</sup> The target timeframe for PSG #17 has been reduced from 90 to 60 days in late 2021.

<sup>32</sup> The PSG measures for participants who have migrated to the new Information and Communications Technology (ICT) system are expected to be available from 2023-24 Q3.
