<sup>1</sup> Data for participants and committed supports are as at 2 April 2025 in line with the Quarterly Report to the Disability Minister for 2024-25 Q3. Other data items, including payments (scheme expense), are for the precise period to 31 March 2025.

<sup>2</sup> From the September 2024 quarter, the number of children accessing early connections is being reported as a 'throughout the quarter' figure rather than an 'end of quarter' figure to better reflect the number of children supported by the Early Childhood Approach.

<sup>3</sup> Trial participants (participants with initial plans approved prior to 1 July 2016) and those with initial plans approved after the end of 2024-25 Q1 have been excluded.

<sup>4</sup> From the December 2024 quarter, Plan Reassessments uses all reassessments including those from plans less than 31 days in duration (previously excluded). Logic for PACE plan reassessments is still being refined, hence the previous quarter's figures are subject to change.

<sup>5</sup> The number of CALD participants excludes First Nations participants.

<sup>6</sup> The Outcome results include participants who have been in the Scheme for at least two years. Trial participants (participants with initial plans approved prior to 1 July 2016) are excluded.

<sup>7</sup> "n/a" means that results cannot be measured.

• The PSG metrics are based on the recommendations of the 2019 Tune Review. The NDIA commenced measuring performance against the PSG metrics prior to the legislation of the Participant Service Charter and Guarantee. On 30 March 2022, the NDIS Amendment (Participant Service Guarantee and Other Measures) Bill 2021 passed in both houses of Parliament, and received Royal Assent on 1 April 2022. It introduces changes that provide greater flexibility for participants and the NDIA to amend plans.

<sup>1</sup> From the March 2024 quarter, performance is being measured using the available data on processes and dates. Milestones are being built into the new computer system to improve the capture of performance data. Where the performance remains unavailable for this quarter, "n/a" has been substituted.

<sup>2</sup> ECA stands for early childhood approach.

<sup>3</sup> From the September 2024 quarter, the PSG timeframe (Service Agreement) to approve a plan for ECA participants after an access decision has been made was altered to 56 days (previously 90 days).

<sup>4</sup> Following the passage of legislation in May 2024, the Administrative Appeals Tribunal (AAT) was replaced with the Administrative Review Tribunal (ART). All prior cases transitioned from 14 Oct 2024.

Provider and market metrics

Market supply and participant costs	As at 31 Mar	As at 31 Dec

Utilisation (6 month rolling average with 3 month lag) (%)	74%	75%
Plan utilisation by service district (% of service districts that are more than 10 percentage points below the benchmark) <sup>2</sup>	0%	0%
Market concentration (% of service districts where more than 70% of payments for supports go to the top 10 providers)	0%	0%
Payments paid within 3 days (%) <sup>3</sup>	99.3%	99.7%
Total payments from 1 July 2024 (\$m)	\$815m	\$546m
Total annualised plan budgets at the end of quarter (\$m) <sup>4</sup>	\$1,454m	\$1,407m
Total plan inflation (current quarter % per annum) <sup>5</sup>	11.3%	11.4%
Inflation at plan reassessment (current quarter % per annum)	5.5%	5.9%
Inflation within a plan, between reassessments (current quarter % per annum)	5.8%	5.5%

- Total annualised plan budgets at 31 March 2025 were \$1,454m and payments from 1 July 2024 were \$815m.
- Out of 6,856 active providers in the March 2025 quarter, 317 providers provided support to Agency-managed participants, 5,098 providers provided support to plan-managed participants and 3,125 providers provided support to self-managed participants.<sup>1</sup>
- Utilisation has been 74% from 1 July 2024 to 31 December 2024, with no service districts in Tasmania more than 10 percentage points below the adjusted national benchmark.
- There were no service districts where the top 10 providers provide more than 70% of payments.

Distribution of service districts by plan utilisation<sup>2</sup>

Distribution of service districts by market concentration

Service districts between 5% and 10% below plan utilisation benchmark:

- TAS South East: 71% vs 77% benchmark

Service districts having between 45% and 70% of payments going to the 10 largest providers:

- TAS North West: 52% vs 70% benchmark

<sup>1</sup> From the March 2024 quarter, the active provider number includes both registered and unregistered providers. A participant may have a combination of plan management types over time. From the December 2024 quarter, all providers were required to supply their ABN's to ensure inclusion in this metric (particularly for self-managed participants).

<sup>2</sup> The 'benchmark' in this analysis is the national average after adjusting for the proportion of participants in Supported Independent Living (SIL) in each service district and the length of time participants have been in the Scheme.

<sup>3</sup> The payment enquiries come from the Provider Portal, Participant Portal and NDIS App. From November 24, the Agreed Timeframe measure for payments was updated to be 3-days in line with Performance Measure 2.2 within the Corporate Plan for 2024-25. This was previously 5 days.

<sup>4</sup> Total annualised plan budgets refer to those in the current plans of active participants at the end of quarter.

<sup>5</sup> Total plan inflation consists of plan budget changes occurring at plan reassessment as well as changes occurring within a plan between reassessments.

<sup>1</sup> There are no active participants as at 31 March 2025 residing in 'Other' service districts. 'Other' includes participants with service district information missing. The average annualised plan budgets and average payments for this group are not shown.  
<sup>2</sup> Average annualised plan budgets are derived from total annualised plan budgets in the current plans of active participants as at 31 March 2025. Average payments are calculated as the average of the annualised monthly payments in the same 12 month period, weighted by the participants that are active in each month.  
<sup>3</sup> Figures are not shown if there is insufficient data in the service district.
