Introduction

The National Disability Insurance Agency (NDIA) is established under the *National Disability Insurance Scheme Act 2013 (the Act)*.

The *National Disability Insurance Scheme Amendment (Securing the NDIS for Future Generations) Act 2026 (the Amending Act)* establishes a new framework for determining pricing arrangements. Under these arrangements, the Minister for Disability and the National Disability Insurance Scheme (NDIS) may make a pricing determination by legislative instrument, including determining the maximum amount, or the method for determining the maximum amount, for the acquisition or provision of supports. The Amending Act also gives the NDIA a statutory function to provide advice to the Minister on the pricing of supports.

This is the **National Disability Insurance Scheme Pricing Schedule 2026-27**. This schedule is incorporated into the pricing determination in accordance with subsections 45C(11) and 45C(12) of the Act. Subsection 45C(11) allows for the incorporation of the documents as in force from time to time, while subsection 45(12) provides for the incorporation of documents specially prepared for the purposes of incorporation. The schedule lists the maximum amounts payable for NDIS supports by the NDIA covered by this Schedule.

Maximum amounts payable for Specialist Disability Accommodation are set out in the NDIS Pricing Schedule for Specialist Disability Accommodation 2026-27.

This document should be read in conjunction with the Pricing Determination.

Part 1: Maximum amounts

1. General

1.1. Maximum amount for an NDIS support

- a. In accordance with subsection 45C(2) of the *National Disability Insurance Scheme Act 2013* (the Act), the maximum amounts specified in Part 2 apply to the acquisition or provision of an NDIS support or class of NDIS supports if the funding for the support or class of supports under a participant's plan is managed by:
 - i. The National Disability Insurance Agency (NDIA) (Agency-managed); or
 - ii. A registered plan management provider (plan managed).

1.2. Inclusion of GST

- a. Any maximum amount specified in this document already includes any Goods and Services Tax (GST).

1.3. Unit of Measure

- a. Claims are made in line with the relevant Unit of Measure (Unit) listed in Part 2. The maximum amounts apply per unit of measure. Unit of Measure is defined in Part 4.

2. Differentiated amounts

- 2.1. This section explains the pricing structure that applies to the maximum amounts set out in Part 2. Subsection 45C(9) of the Act allows for different maximum amounts to apply so that the amounts can account for factors like complexity and intensity, geography, mode of delivery, and any other matters or circumstances.

2.2. Complexity and intensity

- a. The maximum amounts set out in Part 2 differ based on the complexity and intensity of the support.
- b. A provider may claim up to the maximum amount for a support item in Part 2 that references intensity and complexity in accordance with the definitions in Part 4.

2.3. Geographic location

- a. The maximum amounts set out in Part 2 differ based on the geographic location where the support is delivered. This is determined by the physical location where the service takes place, regardless of the participants' usual home address.
- b. Geographic location is determined by reference to:

- i. the Modified Monash Model (MMM) classification of the location as defined in Part 4 – Definitions.
 - ii. Any specified remote and very remote areas listed in Part 3 – Isolated Towns Modification - Type 1
- c. If a support is delivered in a MM 1-5 location, except for areas reclassified under Part 3 – Isolated Towns Modification - Type 1, the national amount applies.
- d. If a support is delivered in an MM 6 (Remote) area or an area reclassified as remote under Part 3 – Isolated Towns Modification - Type 1 as remote, the remote amount applies.
- e. If a support is delivered in a MM 7 (Very Remote) area or an area reclassified as very remote under Part 3 – Isolated Towns Modification - Type 1, the Very Remote amount applies.
- f. Where remote or very remote amounts are not listed for a support, that support is not eligible for remote or very remote loading.
- g. The MMM classification of some locations has been adjusted to allow for additional adjustments to maximum amounts.
- h. Part 3 contains the Isolated Towns Modification - Type 1 list. The NDIA have reclassified the locations in this list as MM 6 (Remote) or MM 7 (Very Remote) areas.

2.4. Day and time

- a. The maximum amounts set out in Part 2 differ based on the day of week or time of day at which the support is delivered.
- b. A provider may claim up to the maximum amount for a support item in Appendices 1, 2 and 3 that references the day of the week or the time of the day in accordance with the definitions in Part 4.
- c. Where a support crosses between different times of day or days of week and is delivered by a single worker, the higher of the amounts applies to the whole support.

2.5. Group-based supports

- a. The maximum amounts set out in Part 2 differ based on whether the support is delivered to more than one person at the same time (a group of people).
- b. The amount a provider may claim from each participant is calculated by dividing the applicable maximum amount set out in the relevant schedule by the number of people in the group.

Part 2 - Pricing Appendices

Appendix 1 – Disability Support Workers

The maximum amounts set out in this Schedule apply to Disability Support Workers (DSW). They differ in recognition that providers must employ DSWs with different skill levels and levels of experience to meet the different needs of participants. The maximum amounts for DSWs account for four types of workers — DSW Level 1, DSW Level 2, DSW Level 3 and DSW Level 4.

Disability Support Workers - Level 1

The maximum amounts in Table 1 apply to the delivery of DSW - Level 1 supports, which are calculated on the basis of the total costs of employing a level 2.3 worker under Schedule B of the Social, Community, Home Care and Disability Services Award (SCHADS) Award.

Disability Support Workers - Level 2

The maximum amounts in Table 2 apply to the delivery of DSW - Level 2 supports, which are calculated using the average of the total costs of employing a Level 2.4 worker and a Level 3.1 worker under Schedule B of the SCHADS Award. The maximum amounts outlined below differ by whether a support is considered High Intensity or an Intensive and Complex Behaviour Support, as defined in Part 4 – Definitions.

Short Term Accommodation and Assistance

Labour Component

The maximum amounts in Table 7 are for supports to provide assistance with self-care or community access activities during a Short Term Accommodation (STA) stay (up to 14 days), as defined in Part 4 – Definitions. The standard support items cover supports in STA that do not meet the definitions of High Intensity or Intensive and Complex Behaviour Supports. Where a STA support meets the High Intensity or Intensive and Complex Behaviours Supports definitions, the High Intensity amount limit applies.

Appendix 3 – Nursing and other labour supports

The supports in this appendix are for provision of nursing care to respond to the disability-related health needs of a participant where that care is not the usual responsibility of the health system.

Nursing supports delivered by an Enrolled Nurse

The maximum amounts in Table 10 are for nursing supports delivered by an Enrolled Nurse as classified under the Nurses Award 2020 (A.4). Under that Award, an Enrolled Nurse is a person who provides nursing care under the direct or indirect supervision of a Registered Nurse. They have completed the prescribed education preparation and demonstrated competence to practice under the Health Practitioner Regulation National Law as an Enrolled nurse in Australia.

Part 4 – Definitions

General Definitions

Table 60: General Definitions

Item	Meaning
High Intensity Support	A support provided to a participant that requires support from a worker who has one or more of the High Intensity Supports Skills set out in Schedule 2 - Module 1: High intensity daily personal activities of the <i>National Disability Insurance Scheme (Provider Registration and Practice Standards) Rules 2018</i> .
Intensive and Complex Behaviour Support	A support provided to a participant who, during the course of service provision: • displays frequent behaviours of concern that have a significant effect on their or others' wellbeing and safety; and • requires intensive support and the implementation of intensive proactive strategies (frequent/daily), skill development, and response strategies, which may include the use of restrictive practices to minimise the risk of harm to themselves or others; and • may, or is likely to, be experiencing other issues that exacerbate or increase the complexity of their behaviour support needs.
Isolated Towns Modification	The NDIA modifies the Modified Monash Model classification of some locations for the purpose of pricing to reflect service delivery complexity in those areas. The Isolated Towns - Type 1 is defined as locations surrounded by Remote or Very Remote areas that the NDIA has reclassified as Remote or Very Remote for pricing

Definitions

Item	Meaning
	purposes. Refer to Part 3 for a full list of reclassified locations for Isolated Towns Type 1.
Medium Term Accommodation	Medium Term Accommodation is longer term transitional accommodation before moving into a more permanent home or arrangement (for example, after hospital discharge), generally used for periods up to 90 days.
Modified Monash Model	The Modified Monash Model is a geographical classification system developed by the Department of Health, Disability and Aging for categorising metropolitan, regional, rural and remote locations according to both geographical remoteness and population size, based on population data published by the Australian Bureau of Statistics. Maps of the Modified Monash Model areas and the Department's remoteness classification can be viewed at https://www.health.gov.au/resources/apps-and-tools/health-workforce-locator/app#hwc-map. The seven categories are structured as follows: • MM 1: Major cities (metropolitan areas) • MM 2: Regional centres • MM 3: Large rural towns • MM 4: Medium rural towns • MM 5: Small rural towns • MM 6: Remote communities • MM 7: Very remote communities
Primary Support	Core services for participant care.
Short Term Accommodation	Short Term Accommodation is short term (up to 14 days) support that allows participants and their primary informal supports to have time apart to sustain their usual informal support arrangements.

Item	Meaning
Unit	The following units define the structural billing increments for claims, differentiating between time-based support delivery and unit-based items: • Hour: used to apply up to the hourly maximum amount, where multiple hours can be billed in a single claim and the amount is calculated as a full hour or a fraction of the limit depending on the exact minutes the service was active. • Day: used to apply up to the daily maximum amount for a single calendar date, where multiple days can be billed in a single claim and the amount is calculated as a full calendar day or a fraction of that day depending on the exact hours or portion of the date the service was active. • Month: used to apply up to the monthly maximum amount, where multiple months can be billed in a single claim and the amount is calculated as a full calendar month or a fraction of that month depending on the exact days the service was active. • Year: used to apply up to the annual maximum amount, where multiple years can be billed in a single claim and the amount is calculated as a full year or a fraction of that year depending on the exact months or days the service was active. • Each: used to apply a maximum amount for unit or instance, where multiple items or tasks can be billed in a single claim and the amount is calculated strictly per whole unit based on the exact quantity provided, as these distinct deliverables are not billed in fractions.
