The NDIA would like to invite students with a disability in Years 9-12, their parents, carers and education professionals, to attend a virtual information session.

This is a session about building skills and paving a pathway to post school life.

We will discuss a range of NDIS-funded supports and other assistance available to help young people build skills to prepare for their transition, and support them in achieving employment and other goals.

Sessions are delivered via videoconference using Microsoft Teams and are offered over multiple dates to allow flexibility for attendees.

Each session covers the same content. Please only register for one session to give others the opportunity to attend.

For any enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Time is AEST
