Harmony hub @ NDIA staff network

Harmony Hub @ NDIA is our CALD Staff Network.

The network blends the unique backgrounds, cultures and experiences of our CALD staff.

It helps increase CALD awareness and build an inclusive and supportive workplace culture.

Staff from multicultural and diverse backgrounds can:

- connect
- share their life experiences in a safe environment
- be supported to achieve their best.

Harmony Hub @ NDIA is led by a peer voted committee. The Agency can ask the committee for advice on policy, decisions and matters relating to CALD staff.
