

These sessions will provide education on PACE, how the new NDIS system will function and what providers can expect with differences in operation from the previous system.

PACE will eventually replace the NDIA's current computer system. We want to make sure National Disability Insurance Scheme (NDIS) providers are ready to support participants when participant plans transition to the PACE system.

In this session we will:

- deliver an overview of PACE
- examine the key change areas for providers, including system, practice and processes.

Providers will have the opportunity to ask questions relating to PACE.

For any enquiries regarding this session, please contact [events@ndis.gov.au](mailto:events@ndis.gov.au) and include the session name in the subject line.

Time is AEST
