The quarterly reports provide the disability ministers with information (including statistics) about participants in each jurisdiction and the funding or provision of supports by the NDIA in each jurisdiction.

Following consideration by the NDIA Board, the reports are provided to disability ministers within 42 days of the end of each quarter and published on this website within 45 days of the end of each quarter.

Supplement D (State and Territory comparison), Supplement E (National), Supplement P (Specialist Disability Accommodation) and Supplement S (Performance measures and targets) are published quarterly. Supplement S, introduced in Q1 2026–27, presents results against the Agency's performance measures.

Supplements covering state and territory statistics (F–M), participants by service district (O), utilisation (Q), and access decisions and first plans (R) are published every six months. The next release of these publications is scheduled for Q2 2026–27.

The National and state and territory performance dashboards are also published every six months.
