Senate Order 13 (August 2026)

Senate Order 13 (SO13), known as Murray Motion, requires that, twice a year, Commonwealth entities publish details of individual contracts with a total value of $100,000 (GST inclusive) or more, which meets specific date requirements (during the reporting period).

For the 2025-26 Financial Year (this reporting period), 01 July 2025 to 30 June 2026, the National Disability Insurance Agency (Agency) identified 1187 individual contracts that met the requirements of SO13.

The NDIA does not report contract information on AusTender. To support transparency in the Agency's procurement and contract management activities, we provide key details for each contract on this page.

This includes the procurement method used, how many suppliers were approached, any contract variations and the original contract value.

Confidentiality

Confidentiality clauses of a general nature are included in all NDIA standard form contracts (i.e., they all contain clauses requiring the contractor to maintain confidentiality of NDIA confidential information and to protect personal information).

The reasons for including such clauses include:

- ordinary commercial prudence that requires protection of trade secrets, proprietary information and the like; and/or
- protection of other Commonwealth material and personal information.

The Accountable Authority of the Agency has assured that the listed contracts do not contain any inappropriate confidentiality provisions.

For details on the current SO13 listing, please download:

- Senate Order Entity contract listing 2025-26 financial year (XLSX 246KB)

Cost of Compliance

The estimated cost of complying with SO13 in relation to the current list for the Agency is approximately $26,065.

An estimate of the total hours committed by each staff member involved in the preparation of the SO13 response was costed to calculate the above figure.
