New Operational Guidelines for Supported Independent Living (SIL), Specialist Disability Accommodation (SDA) and Medium Term Accommodation (MTA) are now available.

We have been working hard on making the NDIS easier to understand. You will see that the SIL and SDA Operational Guidelines use different language, and are easier to read than our other Operational Guidelines.

This is the first step in improving all of our Operational Guidelines, and we have been working with participants and staff to learn about how we can make the Operational Guidelines easy to use for everyone.
