29 July 2022

The Agency has updated our 3 key participant booklets, to include:

- changes to the NDIS Act
- clearer, consistent language
- a refreshed look
- inclusion of the new my NDIS app.

Digital copies of the updated booklets and Easy Read versions are available to download from the booklets and factsheets page.

Other digital formats, including translations into 17 different languages and Auslan video translations, will be available shortly.

The booklets are:

- Booklet 1 – Applying for the NDIS
- Booklet 2 – Creating your NDIS plan
- Booklet 3 – Using your NDIS plan.

The booklets are an important resource for participants, their families and carers, and people with disability wanting to apply for the NDIS, understand how a plan is created and use their NDIS plan.

We regularly update the booklets to meet participant needs, as part of our commitments in the Participant Service Improvement Plan.

You can pre-order printed copies of the standard, Easy Read and braille booklets via the chat function on our website, or by calling 1800 800 110.

Booklets will be dispatched as soon as they are available.

We value your feedback. Please send feedback to marketing@ndis.gov.au.
