

The NDIA would like to invite parents and carers of children under 7 as well as health professionals and education professionals to attend a virtual information session about the NDIS Early Connections. Early Connections is part of our nationally consistent early childhood approach, to support children younger than 7, their families and carers. Early Connections is funded by the NDIS and available when a parent or carer has concerns about their child's development, or if they believe their child has a disability.

We know that providing quality supports early in a child's life can improve their long term outcomes and opportunities. [You can read more about early connections here.](#)

Sessions are delivered via videoconference using Microsoft Teams and are offered over multiple dates to allow flexibility for attendees.

Each session covers the same content. Please only register for one session to give others the opportunity to attend.

Registrations close three business days prior to the session date or once tickets have sold out. We only accept individual registrations for events to ensure all attendees receive links to join.

Two business day before the event, you will receive an email from the NDIS with the MS Teams link. This will be sent to the email address you provide at registration; the email may filter to your junk mail or be rejected by your organisations firewall. If for some reason you do not receive your email, please contact the Events team prior to the event on the email address below.

Please check your email address is correct when registering.

Accessibility is important to us. If you require an Auslan Interpreter, Live Captions or alternate format to access the session, please advise when registering. Please note, a minimum of five (5) business days' notice is required to book Auslan interpreters and live captioning services.

For all enquiries regarding this session, please contact events@ndis.gov.au and include the session name in the subject line.

Registration is through Eventbrite, please read our advice on using the Eventbrite platform located on the NDIS website: [Privacy | NDIS](#).
