

The National Disability Insurance Agency invites current and prospective NDIS participants, their families and carers to attend an information session to learn more about our improved processes.

We're improving how we deliver the NDIS so that people who use it are better supported every step of the way.

These new processes will eventually replace the current computer system and Myplace portal.

We want to make sure current and prospective NDIS participants, their families and carers have the best experience.

In this session we will give you an overview of the improved processes that participants will see in the new system, including information on community connections, access, and creating and using your NDIS plan.

Sessions cover:

- Making Connections and Applying to the NDIS
- Creating an NDIS Plan
- Using and Changing an NDIS Plan

Each session covers the same content, and attendees should only register for one session in each subject.

Contact events@ndis.gov.au for accessibility requirements.

Time is AEDT
